

The 100kW Atlas A95 is perfect for oil/gas fired burners. It is able to cope with requirements for 2 stars efficiency according the directive 92/42 EEC.

- 3 pass-flue floor standing boiler
- Includes thermometer, pressure gauge, ignition switch, temperature setting knob and safety thermostat with manual reset
- Compact
- Silent operation due to low flues turbulence
- Analogue control panel with smart fume cover

| Detail                     | General           |
|----------------------------|-------------------|
| Model                      | Atlas A95         |
| Max Thermal Output         | 95kW              |
| Max Thermal Capacity       | 103kW             |
| Water Content              | 38 litres         |
| Efficiency Pmax (80°-60°C) | 92%               |
| Max Operating Pressure     | 6 bar             |
| Number of Sections         | 7                 |
| IP Protection Rate         | X0D               |
| System Delivery            | Ø 1 ½"            |
| System Return              | Ø 1 ½"            |
| Heating System Drain Cock  | ½"                |
| Empty Weight               | 283kg             |
| Dimensions (WxLxH) mm      | 500 x 832 x 850mm |
