

AVALANCHE 16,500 m³/h Variable Speed Portable Evaporative Cooler with 350 m² Cooling Capacity.

The AVALANCHE is a variable speed, direct drive portable evaporative cooler. Its 90 cm fan, 174 litre water reservoir, and powerful, yet whisper quiet motor will keep you cool and comfortable.

- The industrial grade COOL-SPACE variable speed, direct drive is completely portable with a thick, UV resistant housing that will not leak or rust
- A large 174 litre built in water reservoir offers hours of operation without a water supply connection
- Edge coated cooling media for durability and extended life
- Longest warranty in the industry!

Detail	Coolspace 36
Cooling Capacity/Output	-
Power consumption	-
Fan Amperage	High: 6.3 A Low: 1.8 A
Fan Motor	High efficiency, totally enclosed. 560W /230V/50Hz (or 60Hz)
Fan Size	90 cm industrial duty plastic, three-blade propeller for quieter operation
Airflow (High)	16,500 m ³ /h @ 37 Pa ESP
Airflow (Low)	10,860 m ³ /h @ 37 Pa ESP
Cooling Media	20 cm thick high efficiency cross-corrugated angle fluted specially formulated cellulose material
Water Supply	Garden hose connection or portable supply tank. Maximum pressure 8 bar
Water Reservoir	Internal 174 L capacity
Power Supply	nom. 230V / 1ph / 13 A minimum branch circuit
Exhaust Air Hose	-
Weight	123 kg
Dimensions (WxLxH) (Indoor)	1575 x 762 x 1780
Plug type	-
Typical Cooled Area	-
Running Current	-
Sound Level	-
Sound Level (Outdoor)	-
Control	Automatic Thermostat
