

The AirgoClean®250E is a high performance, fully automatic air cleaning unit with state-of-the-art sensors. 3x strong HEPA filter technology with ionisation and top class comfort combined in one air cleaner – for offices, medical practices or your home.

Detail	AirgoClean® One Air Purifier	
Air Flow Rate	Suitable for rooms sized up to [m ² /m ³]	88 m ² /220 m ³
	Level 1 [m ³ /h]	384
	Level 2 [m ³ /h]	503
	Level 3 [m ³ /h]	624
	Level 4 [m ³ /h]	740
Electrical Values	Mains Connection	220 - 240 v/50 – 60 Hz
	Power Input [Kw]	0.045
	Nominal current consumption [A]	0.17
Electric Connection	Connection Plug	CEE 7/17 (shaped plug)
	Cable Length [m]	1.8
Sound Values	Level 1 - Distance 1 m [dB(A)]	16.8
	Level 2 - Distance 1 m [dB(A)]	11 – 26.149 dB(A)
	Level 3 - Distance 1 m [dB(A)]	35.3
	Level 4 - Distance 1 m [dB(A)]	41.6
Dimensions	Length (packaging excluded) [mm]	360
	Width (packaging excluded) [mm]	360
	Height (packaging excluded) [mm]	710
Weight	(packaging excluded) [kg]	12
Filter	Pre-filter	Synthetic Fibre
	HEPA Filter	HEPA Carbon Filter
	Efficiency	99.97%
Mobility	Plastic Wheels	-
	Carry/Transport Handle(s)	-
Equipment	Air quality sensor (VOC)* Air quality display On / off switch Digital display Touchscreen Dust sensor Light detection function PM2.5 detection Child lock button Ionization Turbo mode Automatic operation Night mode Dimmable display Low fan stage Filter reset Plasma generator
